EASTER BLESSINGS

The month of April will include the Festival of Easter and it is my privilege to wish you Easter Blessings on behalf of Dean Gade, Associate of the Bishop Kurt Garbe, and the entire Lehigh Mission District Council. Easter is, of course, the most significant celebration in our faith tradition! Oh, admittedly, there is Christmas and there is Holy Week, including Good Friday. But none of these would have any significance for us were it not for the special gift of Easter.

When I contemplate the meaning of Easter, my mind and my thoughts go immediately to the 28th chapter of Matthew's Gospel and his description of what occurred on that first Easter Day. In an abbreviated form, it reads *Now after the Sabbath, toward the dawn of the first day of the week, Mary Magdalene and the other Mary went to see the sepulcher. And there was a great earthquake; (and) an angel of the lord descended from heaven and came and rolled back the stone and sat upon it...(And) the angel said to the women, "Do not be afraid; for I know that you seek Jesus who was crucified. He is not here; for he is risen, as he said. Come see the place where he lay.*

And the implication is that the Marys, after a quick look into the emptiness of the tomb, went off to tell our Lord's disciples what they had found. Obviously, there is no reason to think that an empty tomb is what they were expecting to find, but it was a scene which dramatically changed their lives and has had a major impact upon the history of the more than 20 centuries since they shared that experience.

My reflections and contemplations of this experience were dramatically impacted by an episode which I experienced a few years ago while visiting Jerusalem. Any of us who have had the privilege of visiting that Holy City have recollections which will never escape our memories, but this one had a particularly profound impact upon my faith life. It happened while we were visiting the Church of the Holy Sepulcher. The guide was in the process of introducing us to some of the uniqueness's of this place and ultimately, of course, this led to the empty tomb. As he was describing this space, he digressed and told us that just a week or so prior to our visit there had been someone in a group who interrupted him by saying, "Sir, thank you for your enlightening information, but I want you to know that the only reason I came here was to assure myself that the tomb is empty! And I can see that now, and that's all that really matters!" And, I guarantee you that not many of those in my group heard much of what he said after that, because that really was what mattered!

There can be little doubt about the fact that the emptiness of that tomb when those ladies went there that day has had and continues to have a significant impact upon our lives. It affirmed continuing hope for us beyond both the celebrations and the struggles of this life. Undoubtedly most, if not all, of us have dealt either personally or through relatives or friends with issues which make us extremely grateful for the renewing gift of our Easter Blessing!
